ABOUT ME

Dynamic and detail-oriented professional with a strong foundation in web development and design, coupled with a passion for innovation. Proficient in front-end development and designing technologies, including HTML, CSS, JavaScript. I specialize in creating user-focused, visually appealing, and efficient digital solutions using tools like Figma and Photoshop to blend creativity with functionality. Notable achievements include presenting a research paper on outpatient management systems and spearheading projects leveraging AI and machine learning, such as the Smart AI Gym Tracker and Military Object Recognition Systems. A motivated team leader with proven collaborative and problem-solving skills, I thrive in fast-paced environments, consistently delivering impactful results.

SKILLS

Languages : JavaScript, HTML5, CSS3

Designing: Ui/Ux designing, Graphic Designing

Tools: Figma, photoshop, illustrator, Excel

Professional Skill: Web Designing, Web Developing, Graphic Designing

Soft SKILLS : Leadership, Problem Solving, Collaborative skills, Written Communication, Adaptability.

PROJECT

Python — **Developing Smart AI Gym Tracker**

The Smart AI Gym Tracker utilizes artificial intelligence for personalized training guidance, real-time form corrections, and progress tracking to enhance fitness performance and safety.

Machine-Learning — **Military Object Recognition System with Capsnet**

Capsule Networks enhance Military Object Recognition with precise feature detection, complex visual analysis, and superior image classification for advanced defense capabilities.

Machine-learning — **Automated Hospital Management Using Reinforcement Learning**

The project involves developing an automated outpatient management application using reinforcement learning, focusing on patient registration, digital record-keeping, and enhanced healthcare communication through real-time updates.

EDUCATION

Year	Institution	Score	
2019 - 2020	**Montfort matric hr sec school**	- 70.6	School
2020 - 2024	**SRM valliammai Engineering College**	- 7.20	College

CERTIFICATION

Web Designing And Web Development-FITA Accademy

Web Designing - Figma, Photoshop, Illustrator

Wb Development - HTML5, CSS3, JavaScript

INTERNSHIP

FULL STACK DEVELOPMENT - STIGMATA TECHNO SOLUTIONS PVT .LTD   **2023**

I have completed my intern on full stack development and learned various aspects

in front end and back end for a month

RESEARCH PAPER

ICDSAAI   **Outpatient Management Application Using Integrated System**

Presented my works at RTACT at 2024 before a panel of judges from SIMATS Engineering and the Department of AR and VR

LANGUAGES

English

Tamil - native

CO-CURRICULAR ACTIVITIES

Symposium - Event Organizer and Food committee head

Computer Society of India event - Event coordinator
